

Rainbow King Lodge

The Ultimate Fishing Experience June - September 2025

"This is the second time I've been fortunate enough to spend a week at Rainbow King Lodge and I can't recommend it enough. This is a truly world class, best-of-your-life fly fishing trip. And everyone including Gus, Tony, the guides, the chefs and the rest of staff are courteous and care about making your trip awesome. Not a trip just for hard core fly fisherman as the level of amenity makes the trip awesome for casual fisherman who want to experience the best of Alaska. Bears, caribou, and a cold dip in lake illiamna! Highly recommend."

Fishing

The main attraction at Rainbow King Lodge will always be the fishing. Rainbow King has an extremely unique fishing program that offers private access to many of the region's finest streams and rivers. It's an Alaskan fishing experience solely available through Rainbow King Lodge. Rainbow King Lodge maintains the exclusive access to over 110 square miles of uplands in Bristol Bay which gives us much better access to some of the best streams in the Iliamna Region. We're located in the heart of Alaska's renowned trophy Rainbow Trout region. In addition to the region's famous rainbow trout, our Alaska fishing guides will help you find the best places to locate many other species, including:

- Arctic Grayling
- Pacific halibut
- Dolly Varden
- Northern pike

At least one of the targeted salmon species will be available at all times of the season, allowing you to plan your trip to include the species of your choice:

- King Salmon run from mid-June to late July
- Sockeye Salmon run from late June to early August
- Silver Salmon from early August to end of the season in September

While all Salmon species will never run at the same time, the best overlap of runs will occur from mid to late July.

Rainbow Trout are available throughout the season, with the largest and most plentiful being available during June and mid-August through September. Arctic Grayling fishing is always excellent, as is the Dolly Varden/Arctic Char and Northern Pike.

We keep several skiffs at Calypso Bay on the coast for those that might want to enjoy the challenge of fishing for Pacific Halibut. Calypso Bay is relatively shallow by halibut standards, so huge weights and strong currents are not a problem. We have all the needed deep sea tackle for a day's fly-out to Calypso Bay.

Lodging

The lodge compound sits on the shore of Lake Ilimana. There are thirteen guest rooms that accommodate sixteen guests each week. There is a main lodge with dining and common room, and two amazing massage chairs. The recreation center has HDTV, fireplace, pool table and card tables. The rec center is where guests meet each evening before dinner for hors d'oeuvres and to discuss the next days agenda.

Once you arrive, you'll settle into our five-star lodge. The rooms have private baths, custom made mattresses that are topped with the highest-quality Pima cotton bedding. Rainbow King Lodge stands out among other Alaska lodges by providing you with a top-notch experience whether you're fishing, dining or unwinding with your fellow sportsmen by the fire.
