

Rainbow King Lodge

The Ultimate Fishing Experience June - September 2026

"I loved it all. The guides, the staff the food are all exceptional. It was an outstanding experience from the time you get your wake up in the morning with coffee, or whatever your pleasure. Then off for your day of catching the largest fish I have ever caught. You go by float plan to a great fishing location and wade or float. You are the only ones there besides the wildlife and the Bears.

They go out of there was to make sure you are having an exceptional experience. I keep smiling thinking about my week.

Thank-you to all of the staff you are the best. I highly recommend this trip. It was the best week I have ever had and look forward to going back." - Sue M. August 2025

There's nothing in the world like Alaska fishing, and there's nothing in Alaska like fishing at Rainbow King Lodge.

Your Alaskan Fishing Adventure Awaits

Step into the wild heart of Alaska at Rainbow King Lodge, a place where world-class fishing meets five-star comfort. We don't just offer fishing trips; we create unforgettable experiences that keep guests returning year after year.

What makes Rainbow King Lodge the ultimate destination for anglers? It's our exclusive access to over 110 square miles of pristine Bristol Bay wilderness. This private access means you're fishing in some of the most untouched and productive waters in the Iliamna Region, a privilege unique to our guests.

Fishing

Our daily fly-out program is the cornerstone of your adventure. Each day, our seasoned guides will fly you to a new, breathtaking location in one of our meticulously maintained float planes. We're located in the heart of Alaska's renowned trophy Rainbow Trout region, and these magnificent fish are available to target all season long.

But the adventure doesn't stop there. Our expert guides will put you on top of a wide variety of other species, including:

- Pacific Halibut
- Arctic Grayling
- Dolly Varden
- Northern Pike

And of course, the legendary salmon runs:

- King Salmon (mid-June to late July)
- Sockeye Salmon (late June to early August)
- Silver Salmon (early August to September)

The best overlap of salmon runs occurs from mid to late July, offering you the chance to target multiple species in a single trip.
